About the web page

Cookies
To make this site work properly, we sometimes place small data files called cookies on your device.

What are cookies?
A cookie is a small text file that a website saves on your computer or mobile device when you visit the site. It enables the website to remember your action and preferences (such as login, language, font size and other display preferences) over a period, so you don´t have to keep re-entering them whenever you come back to the site or browse from one page to another.

How do we use cookies
On this webpage cookies are used to make it easier for visitors to give access to different functions and different types if information.

We also use third-party cookies
We are also using the service Google Remarketing, for based on data be able to control remarketing ads by Google Analytics, and to control remarketing ads by Google Display Network (GDN) or to improve or identify gender or age on our visitors.

Google Analytics
Statistics tool Google Analytics places cookies on your computer that gathers information about how you interact with our websites content to see what is popular and to improve the site. The statistic tools cookie contains no information about who you are. We can´t identify you or your computer.

If you want to know more about the Google Privacy Policy that describes how Google uses your information, you can read more here, www.google.com/policies/privacy/partners/.How to control cookies

You can **control/or delete** cookies as you wish – for details, see aboutcookies.org. You can delete all cookies that are already on your computer and you can set most browsers to prevent them from being places. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some services and functionalities may not work.
